

2026 Academia Sinica Funding Opportunity Announcement

Thematic Research Program

The Academia Sinica **Thematic Research Program (TP)** provides funding incentives to a collaborative research team with complementary expertise (capped at ≤8M NTD per year for three years) to tackle important scientific or societal problems with promising plans to deliver impactful outcomes.

Interested Investigators are requested to submit a proposal that would clearly describe i) the **specific problem to be solved**, ii) the **innovative ideas and approaches to be taken**, iii) the **impact of the work** if the goals are realized, and iv) the overall **plans to test the ideas**, its feasibility, scientific or technical challenges, potential risks and key deliverables, along with any alternative plans to de-risk. The applications will be critically reviewed based on these criteria, and the applicants are advised to prepare the proposal accordingly.
